EIGHTEENTH YEAR

WAILUKU, MAUI CO., HAWAII, FRIDAY, APRIL 19, 1918.

NUMBER 945

"Pat" Collins Is New Pioneer Mill Company Manager

Appointment Of Popular Maui Man Favorably Received By All—Has Made Fine Record On Central Maui Plantations—Will Move To Lahaina Soon

HARRY FOSS TO SUCCEED COLLINS

Arthur W. Collins, for the past eight years connected with the Maui Agricultural Company and the Hawaiian Commercial & Sugar Company as civil engineer, is the new manager of the Pioneer Mill Company. The announcement of Mr. Collins' acceptance of the position was made by the directors of the company in Honolulu last Monday.

Mr. Collins will be succeeded on the A. & B. plantations by Harry Foss, now professor of hydraulics at Stanford University, who formerly held the same positions with the Maui Agricultural Company, and who is expected to arrive from the coast in about a month's time.

Until Mr. Foss' arrival Mr. Collins expects to divide his time between his new work at Lahaina and his central Maui duties. He is already familiarizing himself with Pioneer affairs, and within two or three weeks expects to have moved his family to Lahaina and take up his residence there.

Mr. Collins' appointment meets with very wide popular approval and he is considered by those who know him best to have the qualities which insure his success as head of the big Lahaina enterprise.

Mr. Collins is regarded as one of the most efficient plantation engineers in the islands, having come here in

Booze Men Raising Fund For Big Fight

The liquor men of Maui are still considering the matter of testing in the courts the decision of the license board not to grant any licenses after July 1. The matter was reported as a rumor last week. Since then there have been several informal conferences on the proposition.

Th liquor men, it is stated, to the number of 13 or 14, are planning to assess themselves \$100 each, the fund thus raised to be used to employ attorneys to handle the case. It has about been decided not to sue the members of the license board individually for damages in case they win their suit.

Immigration Man Arrests 4 Japanese

Immigration Inspector H. B. Brown who came up from Honolulu on Wednesday night in search of a number of Japanese wanted by the immigration department, made four arrests yesterday and will return tonight with his prisoners to Honolulu. Two of the four were seamen who recently deserted from a Japanese vessel in Honolulu; another was a woman who was refused entrance to the islands in 1913 on the grounds that she was a prostitute and who has been out on bail while her case was being fought through the courts; and the fourth was a man barred as an undesirable immigrant.

The woman jumped her bail some time ago just before her case was finally decided in the court of appeals. All of the prisoners will probably be deported.

Jury Decides Against Correa In Land Suit

In the matter of the petition of Frank G. Correa for registered land title, which was appealed to a jury from a ruling of the land court by Sarah Keawe, David Kapiloho and Apo, also called Apo Lilili, the jury on Wednesday found in favor of the contestants. The case was on trial all the first part of the week.

Correa attempted to get a registered title through the land court some 2 years ago for his Kula ranch. The title to some 30 acres of pasture land was contested by the above contestants on account of a line fence dispute. The decision was finally given to Correa by the land court and the appeal to the jury followed with the result that the decision was reversed. Correa may appeal to the supreme court.

Pineapples Go To \$25.75 Per Ton For Year

Cabled advices from the coast received by the Haiku Fruit & Packing Company this week, announce that the base price of canned pineapple has been fixed for the coming year. It figures out a price to the growers of pineapples of \$25.75 per ton on No. 1 fruit.

The price for the past year has been \$22.05. The new prices go into effect May 1. With a much heavier tonnage this year than last in the Haiku district, the increased price means a very material gain to pineapple growers. It is believed that a large part of this year's pack from the islands, if not all of it will be taken by the army and navy departments, so that the general market is likely to be decidedly short.

Maui's Liberty Bond Quota Is \$162,000

Chairman C. D. Lufkin, of the Maui Liberty Loan Committee, this afternoon received the following wireless message from Director Buttolph, in Honolulu:

"Your quota is \$162,000. We feel confident you will over-run this figure.

Wire immediately when you attain it. Honor flags just received from Washington. Am sending yours. Fly it when you reach your quota.

(Signed) "BUTTOLPH." "Maui must do some hustling now," declared Mr. Lufkin when he got this message. "This is the first time we have known what Maui's quota is, and we are a good deal short of it now. I don't know what present subscriptions amount to, but we will know tonight when the members of the committee report from various parts of the county. At a guess I'd say it was not over \$100,000."

"It's no use to have an honor flag unless we can use it. Therefore it is up to Maui to get into the harness and round up our allotment."

The campaign will end on the 26th though it may be permitted forward subscriptions after that date by cable.

Maui Ministers Get New Appointments

Rev. Moses Kahiapo has been elected to membership in the Committee of Nine filling the vacancy caused by the death of Rev. D. W. K. White of Lahaina.

Important action concerning the location of ministers was recently taken by the Committee of Nine of the Maui Evangelical Association. Rev. and Mrs. J. P. Inaina are to be continued at Huelo. Rev. J. P. Kalohealani is to be the minister at Keanae. Rev. J. K. Kahoonui is to be stationed at Waihee and supply Kahakulua church. The former pastor, Rev. O. Nawahine is to be "pastor emeritus" of that church, and receives a pension. Rev. S. P. TONG CASE DECIDED

Ah Ka was fined \$50 and Yok Sung was declared not guilty by Judge Burr after a trial of the charge against the men for having committed an assault on another Chinese at the corner of Market and Main streets nearly a year ago. The case is claimed to have been the result of a Chinese tong row. It was appealed from the district court and jury was waived. W. T. Rawlins, attorney for the defendants, came over from Honolulu to handle the case. County Attorney Bevins prosecuted the charge.

A small sized strike of Filipino laborers tied up the American Can Company's plant at Haiku for several days last week. The men had some grievance against the foreman of the plant and refused to work. The matter was amicably adjusted upon the arrival of the R. M. Morton, manager of the company, from Honolulu.

Base Ball Season To Open On May 1st

Three Senior And Three Junior Teams Will Form League—Wailuku, Puunene and Paia Represented—Committee Outlines Schedule And Names Officials

Maui will see some good baseball this season according to all indications. The first games of the season will be played on the Wailuku diamond two weeks from next Sunday—May 5.

At a meeting of the baseball committee of the Maui County Fair & Racing Association held on Monday night, final details for the coming season were worked out, and the members of the committee feel that an unusually interesting and successful season is assured to lovers of the great American game on Maui.

There will be six teams in the league this year—three senior and three junior aggregations. The seniors will represent Wailuku, Puunene and Paia; while Wailuku will supply two of the junior teams and Paia one.

The managers of the teams this year will be—Foster Robinson, Paia; M. G. Paschoal, Puunene; and Joe Medeiros, Wailuku. The three senior teams will contest for the famous Raymond cup, which has been hanging as a trophy for the past 14 years. The juniors will probably play for a cup to be offered by the Theo. H. Davies Company.

The first game will be between Paia and Puunene seniors on May 5, while on the following Sunday Wailuku and Puunene will cross bats. The full schedule will be made up later, as will also that for the juniors.

Sam Alo and Raymond Rosario will each manage a Wailuku junior team, but just who will handle the Paia juniors has not been definitely decided.

At the meeting Monday night Wil-

Mrs. Bryan To Have Charge Of Wailuku Library

Mrs. Bryan, a sister of President Robert D. Williams, P. D., of Mid Pacific Institute, and the daughter of the Rev. and Mrs. J. D. Williams, who were recently on Maui, has been called to the position of Librarian of the Maui Library Association.

Mrs. Bryan has had full university training for library work and has been a successful substitute librarian in the College of Hawaii. She has been asked to take the position on May 1.

The call of a librarian was necessitated by the resignation of Mrs. L. C. Jones, who is now making her permanent home in Kula.

Paroled Prisoner Taps Cash Register

Clark Wilson, a Samoan, recently paroled from the prison camp in Kula, entered the Tomokio chop house on Market street last Friday night and ordered a substantial meal. While the restaurant attendant was busy having the order prepared in the kitchen the customer helped himself to the contents of the cash register, about \$6, and hastily decamped.

An alarm was at once given and Policeman Viela took up the chase with the result that the fugitive was soon located beneath the railroad depot. Wilson had been serving a 2 to 10 years sentence for first degree burglary. He will be returned to Honolulu and will doubtless serve the remainder of his term. It is stated by the police that he had been drinking when he broke his parol.

A SURPRISE PARTY

Celebrating the 27th birthday anniversary of J. Oliveira, Jr., of Kahului, a pleasant surprise party was arranged for last Wednesday evening by Mr. and Mrs. Manuel Nunes, of Paia. The affair was held at the Oliveira home, quite a number of neighbors and friends being present. Choice refreshments were a feature of the occasion.

COURT GOES FISHING

There are no cases on the calendar of the second circuit court for today, and Judge Burr, County Attorney Bevins and Supervisors David Fleming have gone fishing to Lanai. The court will probably henceforth be disqualified in matters touching upon the veracity of fishermen.

Maui High School Joins Red Cross

Maui Cadets Now Affiliated With School Government—Big Interest In Swimming Contest For Saturday Night

At a recent meeting of the Maui High school county supervisors it was voted that the Maui Cadets, in accordance with their request, should come under the auspices of the High school county. The Cadets, although composed entirely of High schools boys, have had a separate organization ever since the company was started three years ago. The transfer will not occasion any change in the officers or personnel of the company but will simply affiliate them officially with the High School.

The officers of the company are as follows: Capt. E. J. Walker, 1st. Lieut. S. D. Walker, 2nd. Lieut. J. E. Walker, 1st. Sergt. E. B. Hair, 2nd. Sergt. Edward Baldwin, 3rd. Sergt. Ed. Walsh, 4th. Sergt. David Parker.

The Maui High School has applied to the Chapter Committee, Honolulu to be enrolled as a Junior Red Cross Auxiliary as 105 pupils of the school have pledged themselves to devote at least one hour a week to an approved Red Cross activity.

Members of the school have met once a week (after school) during the entire year to roll bandages, prepare surgical dressings, and do general Red Cross work under the direction of Mrs. Beaman and have already turned in a large amount of work. In addition many of the older girls have knit sweaters, mufflers, etc.

There is also considerable friendly rivalry between the various rooms in regard to the number of Thrift Stamps bought. Last week the 7th.

Haiku Fruit To Care For 30 Miles Of Roads

All of the county roads between Maliko gulch and the Kapipi school house are to be henceforth kept in repair by the Haiku Fruit and Packing Company. This includes some 30 miles or more of thoroughfares. The company will receive \$500 per month for the work.

The board of supervisors accepted this proposition, made by Harold W. Rice on behalf of the pineapple company, at its meeting last Friday afternoon. The company has for the past year had the maintenance of about 7 miles of the road between Kokomo and the belt road, and the results have been so satisfactory to the supervisors and the public generally that the new arrangement was generally approved.

As an example of the effectiveness of the system, the Kokomo road, which was in common with all other east Maui roads very badly cut up following last week's rains, was in good condition again within a few days after the storm ceased, while all other roads of the district are more or less nearly impassable still.

Ancient Chinaman Tries To Kill Self

Lee Wong, 76 years old, and a pensioner of the Puunene plantation at Camp 3, Kihel, is in the Puunene hospital with a very sore neck, as a result of his unsuccessful attempt to escape the burden of a lonely old age through the suicide route. Wong used a cane knife for his gruesome job but the implement was dull and only made a flesh wound. When found he was bleeding profusely from the wound in his neck, but was industriously endeavoring to get a better edge on his weapon by rubbing it on a stone. The old man made a similar attempt to end his life about a year ago. He told the police that he was old and tired of living.

WILL LEAVE MAUI TO ENTER WAR SERVICE

Frederick B. Bostwick, for the past two years employed as assistant cashier and bookkeeper in the offices of the Kahului Railroad, will leave the islands next week by the steamer Niagara for his home in New Haven, Connecticut, where he expects to enlist in some branch of the war service. He is already enrolled for service with the U. S. Shipping Board, but pending an appointment to active duty may decide to join some other branch.

Mr. Bostwick is a brother of Principal Charles R. Bostwick, of Kamehameha School for Boys, His Maui friends will see him leave with regret but wish him success in his new field.

Extraordinarily violent attacks have been launched on a ten-mile front from Givenchy to Robecq. The Germans are using one division for every mile. On Thursday midway between Bailleul and Ypres the Germans attacked south of Kemmel, striving for positions which the British had recaptured on Wednesday but were unable to advance. Washington—Charles J. McCarthy was nominated this morning by President for Governor of Hawaii.

Honolulu—McCarthy's nomination is generally well received. It is believed that there will be no particular opposition to his confirmation by the senate.

London—General Haig reports that French reinforcements have reached the Ypres front southwest of Messines ridge, where German attacks fail; while an important engagement has commenced on the side of the salient northwest of Bethune where British are solidly holding their ground. The British took the offensive on the Arras front driving the Germans from their trenches. Late yesterday the Germans pushed back British slightly at Kemmel Hill, on the north side of the salient, but a counter attack restored the lines.
